# Redeemer Olaivar

## UI/UX and Product Designer

UI/UX designer with 4+ years of experience creating clear, responsive digital products for clients in the Philippines, Singapore, and Canada. Experienced in real estate technology, venue marketplaces, and social gaming, with a practical approach that connects user needs, business goals, and polished visual design.

## Professional experience

### UI/UX Designer
Feb 2025 - Present

Blazesoft · Full-time · Canada (Remote)

- Design responsive landing pages for eight partner brands across social gaming and digital entertainment.
- Build brand-specific pages and reusable UI patterns that work across desktop and mobile breakpoints.
- Collaborate with product, marketing, and development teams to refine visual direction and implementation.

### UI/UX Designer
May 2024 - Dec 2024

SoftCode 365 · Full-time · Singapore (Remote)

- Solo designer on Venue4Use, a mobile-first marketplace for event venues.
- Created search, filtering, map, inquiry, shortlist, and booking flows, from wireframes to polished UI.

### UI/UX and Creative Designer
Aug 2022 - Mar 2024

Brooky Technologies · Full-time · Philippines

- Designed responsive admin, agent, and buyer experiences for an end-to-end real estate transaction platform.
- Created user flows, wireframes, prototypes, design systems, and production-ready screens.
- Worked with developers and QA to improve usability, clarify transaction states, and support implementation.

### Quality Assurance Specialist
Apr 2022 - Jun 2022

CK Children's Publishing · Full-time · Philippines

- Tested website interfaces, documented defects, and supported developer fixes.

### UI/UX and Creative Designer Intern
Feb 2022 - Jun 2022

Brooky Technologies · Internship · Philippines

- Supported a real estate reservation system with flows and prototypes.

## Personal projects

### Homure
2026

Product Designer and Team Lead · Philippine property marketplace

- Designed the brand, design system, and every screen for buyers, professionals, and admins on desktop and mobile.
- Built the Next.js frontend with AI-assisted coding and led two backend developers through tickets and QA.

### Kuhit
2026

Product Designer · Bisaya app for meeting people nearby

- Designed 45 screens across 8 flows and a tokenized design system, built around safety and a mutual reveal.

## Earlier experience

### Layout Artist
2018 - 2019

Fulcrum Advertising

- Designed print and advertising collateral and supported production delivery.
